my where the burrow has nower the surfact,

a good de il of successful work has been do re nee the titles to the claims, were established The Widow claim the claims were established. The Widow claim the Forter and Heithers of elium Wark why segam, and a few others on Prichard creek, several in Bream and other gul her which lead down mito Pratchard gulch have been partially opened through in a tentative and unsystem attenuance-breams, of a lite, of capital necessary the control of the processing of the control of t subfactory resting have been restized. The Butte mining company's claim has been partially opened in a more systematic style by smking a shaft to hearrock a of drifting from run to find across the guich so far no well defined and saired pays area, has been traced through the gule: The gold's found mostly on the bed-icely, and where the bed rock is favorable for its ep set. The fire of this mouth heavy runs inn ered operations, but in spite of all these of sacles the bindar camp is producing a good dir of gold, and while i yet has its hears, as well as its he is, the camp as a whole le in a popular dipronism g at much. It is producing stor more or nees of dust a week, and hear which sets in it will be practically out of eld and have something to set down on the

Or the Beaver and Trail ere k and its tribitaries four or live miles east of Marra, some of the tobest chains and the cassest to open in the while region has a been located and partially resed and are now releng well. The B ever-tick emption into the both fork a out two onl's below the mouth of Prichard. On its an or ful plants, as well as in the country Ita it I by the Prite and, what the miners teen the 'old w s.p'—meaning by that the bed of the uncent river which those I over the country as cologic times—has been trace if a many and sever a region infection twenty unless in The hand he are and mules in langt a and in this 'dd wash' on the blishes a great many into properts have been found, and the most act menced miners believe that in this high

and the lest pay will a discovered In various cuts of the region, some of them when of the region, some of them when of region and other, gold and silet of terms quarts he had heaviered for the South Lock in the variety of Nigge Profits (C. V.) premise a market measure had been sett "d premising igning prospects have been, our dollars the fit of the r human shode, which i has cen-coller hands me can, a stander on Iral gulch and farther up the Beaver, thome ( about Center, rich quartz discoveries have recently been made the Reeder creek, a short distance the e Murray, the Clarett lode recent y prospected shows some very rich specimen of gold bearing quartz. The Fannie lole and he Mother I de have already been described in this paper. A little work has been done in the way of prosperious these loles and time very inch a perimer's have been exhibited. The Mother lede has been brinded by Denver miners, and its griff gell-placel white rock is new still by pair of by he floor in hims has that that are called a the cump—four grangers by wetth and he is one on dry with the man rush of prospectors list fall, and discovered to 1.5 Fred chick onto, and till a sort of a claiment puzza to us miners and the large mum or of pe fe who have been permitted to give refore the rich versering of pine gold with which the rick, so talk, as it has been expected in covere. With a brunner u cold lesslore and ship off a picket bill f g id m i short time, but how far this bill rult is cketter is sufer the hillside and how argent is further a and out of sight in one can It is nich er ough undaubteit's to a fort cribin's a handsome sake, and it may

raid "a million" to the prehaser.

The development of the country has been said "atther imputed a consequence of the un issue. size of the claums. The grangers who were first on the ground staked off aren's acres each, and made locations is various guizins. Though the type of the United States provide this pracer riam a shall not accel twent heres cannot his vize have never before been located. These t e l'enet t from e ich others work in ascert un

gt ( 'Coabon of pay Some of the Punis out-oben't been divided, and unless capitalists t less to appear armeet, and enters capt to the table to be soon secure the ground, others are it less to be soon secure the ground, others capt to the table to be soon secure to the table to tab hasers, and the graph shall more obvariance risks the end of the ing term has been an fal-ter two in the count imps, which be furth take ditches and open change to pay the man

employed.

But before the country can be fully opened there will have to be expended in a systematic and scientific manner considerable capital. Two schemes are already on foot which are imperatively becessary to completely prospect Pritchare guich and the hitsides on which the "old wash" is utuated. One of these

who see a language of the control of the form that a partition construction is street, we have the form that the form that the form that the conformal confo a Englic triving to comprete his negations. with the express of the claims had be buffuring operations—six or seven claims have I call rought into the sisten, and on claim has been about the first term. brought into the settem, and one chain has been proclessed. If he lead is run against an again processed in the refused of a performed of one of the chains on the one of the processed drain, he would be a legion work by the time. The failure to get it is claim and branched him somewhat in his planting as to ris in this city. But if the necessary money is not furnished here to the constant of the processory of the processor of the pr be will seen go to New York or Boston, where he is known as an honesteepert, and will doubt less raise the more; the desired claim he will go around it and dethe desired claim he will go around it and de-relop the others | This deep ground will have o be mined as well as prospected by drifting, and from this drift the work will be prosecuted on pattern side across the gukb. There is no doubt about the ult mate accompletiment of this scheme, and as if the doubt, we think, of its success. The other scheme referred to is a ditch or discuss. String water on the "old wash" to enable 1109peding, as well as mining to be carried on in these promising claims. The necessary ditches call be built for a comparatively small sum of money, and by another spring some of them be completed and work in the ground by

age le situation is t

will be completed and work in the ground below begin.

Besides these improvements in Pritchird gatch districts will be required to work the 'o'd wash' in the Bayler district which prespects so in el). The queue will also adtract the attention of capitalists, and the various prospects will seen be more fully tested, and in the various of Carbon to the antion Trud and Rester guiday a jung legislar bikely to be opened another year. The country has no extensive at least an order year. The country is so extensive at I difficult that its envelopment will probably be slow. But from a personal inspection we have no doubt that it will be the field of profitable. mi mg operations for many years. There will be more extensive prospecting done in the constry as at becomes more easily accessible, and in the end a great Fi ning region, rather than t What the count 5 needs in addition to the sys-

temand opening of claims by the aid of capital, is a good inlet to it. It is easy chough there out of the country, but hard to geam and this is one reason with so few go in and so many, after needing with that first distippion at a come of the attend of the 1st down the stream through to a d'Alene lake to the ratiro il at Rathdrom, at C this should be the great shoroughfate both ways. For in the country this way, from the Palo is a valley, the nearest agricultural region to to mines down to Portland and the William they allow the pitting source of supply is feight. A mining region as it is well-hallying produces mething but numeral. In deper is up of the general consequences in one per is up of the general consumption of food, alothong, non-and steel, rubber to lung, etc., and thousands in general consumes in general consumers of the court of Alene mining region will furnes; a large market for four and from, wouldn't etc, non an listed, and but to water of all less uptions, for many sens. By making the proper efforts in season, the Po-lind merchants land grovers will be able to secure this trade a red to hold it against any con-petition, provided that the railroad does not un-fairly discriptingly against them, and also that a great road is just from the head of marigation

on the Court of Mene twer up the furth fork. The Court of Alone Steam Nav gelivit Company, which has displayed a commendable sport of enterprise in putting a bent on the late and running it in an accommoouting manner, has just been building a good lack trail, wide et ough for a ginter road up the both for 1 firs in one completed to the mouth of Beaver, where there is a good ford neroes the fork lealing to Humm I's law neg, and it will be completed all the way through in has already brought a good deal of freight to the has already brought a good deal of freight to the hoat, and conclude mack than rescheen moved over to the new trail from Thompson's False For a winter road, when invegation is closed by ice, some repairs should be made in Fourth of July canyon on the Mullan road. Then when this mute, from Portfaild to the mines is established, and the trid secured, the e should be established here a government usary office an order to bring back the pay for supplies sent in from this may any the adjacent country. We from this cra and the adjacent country. We are convinced that a this mining region there is the most promising field now adjoccupied for the merchants and capitalists of this cits, and a great mistal- will be made if they do not reach out and seize it. The development of then in swill contribute indirectly as well as directly to the prosperity of trade in Portland. It will en-

ab c the farmers is the country round about to

ge better prices for their products, and thus eli-

able them to buy and can

ons articles for safe in this city ted often, that they may be kept in mind, duly considered a in the necessary conclusion held upon. One of these things is the fact that upon even quession for the last twenty-fre veara affecting the honer, the welfare, the prosperty and the happiness of this country, the republican party has always been right and the leans Cratic parts has always been wrong than this to denied? Let but who can tell who particular part of police, upon what political principle for the last twenty-live years that statement is not correct. Even den ocritis, themsel es now profess to approve and account all the great thanks accomplished by the alphabean party, though they opp we those thanks actively stage of the contest for incursal cess, and they have plody al demsehen over and over again out to distu b any of the great measures which the republican party has on order. That is only an admission by the dono ratio party fiself that it has seen wrong and that it republican party has been upon a tip the donor the party fiself that it has seen wrong and that it republican party has been upon a Thy tell or they are gl i that slavery was about and that the rebellion was crussed. hat equal rights have been established that the uniforal letter this beek maintained in the rite of the dational left, and so on and so we will, all this has been republican work, and it has all been accomplished in spite of democation

Caya the I set the explain. \* The great 3 the importly in this by the field to about 100 on secretary of state, in I an inelege of 5,000 or the whole that is bet, and the whole mid his rab is preportional to discreased. \* Where sails art well ascertained it is not a bad plan for a newspaper to report them correctly. Of course the paper above quoted knows well enough that the initionity on secretary of state is the Triwest on the list that the majority has been begorte at 11,321 that the projects for commissioner of rubbic works has been stated at 17,470, that the tegregate majority on , congressmen has need given at 18 418—it is new found to be 19, 176 and that the average or the value state halfs as not dwn\_dled to JUU, but is more 180 Readies know it, too, so what's the use of mustatement? It must before the event is one thing statterent after the event is inother. The former may be erremous, the latter never should be, and there is no excess for it.

Certain more or less esteemed of our demo Cratic contemporaries are "worrlied" about Teli-OBE ONES because, a new the contest in many parts of the country is assuming the form of struggle by ween posethon and free table, i This contest, however, a an essue at all, is but minor one, a least in the judgment of The ORI-ONIA The leading issue, as it sees it, is the in worth mass of the lenforatio judy. This part never will surror the party that sup-ported slave y and the ebellion and still refuse-oper 1 that e certo is in the continent stage. The great lemocratic organ of Onio, the Cur-

timusti Fig. 1115, 1225, 1235 "It is apparent now that the victory of last Tuesday was in a great degree the sequence of the presence and magnificent generalship of both James c. Blame and John A. Logan. 4r. Blame as so much better than his party that he commands attention where it does not. He has not jost those or reonal qualities which have attracted so many men to him

Alarm Boyes for Watchips. "Yesterday the telephone company were enjaged in purting in alum boxes on be used by might watchinen and others engaged in warehorses, docts and stores. The preparticularly intended for night services. The instrument looks very much like those small, round nickel clocks which sell for a dollar and a half out to dail there is a hand, which may be arried back to either of four joints. The first simply calls up the central offes, and is used as a check or the watchin my who may be replicated to 'tari, in' every half hour or every hour as his emplyer demanded. The next morning the telephone company for males the record, and if I. shows negligence i reason can be demanded there'on. There is a cell for police in case of burglary, another for an essenger—sa, a case where i door is found open and the watchinan does not want to leave I be premises—and another for inc. The alarm is located on the outside of buildings and is encosed in a wooden boy the watchinan, of course, having the key. Quite a number have sheen ordered by wholesale; hourse along Front erect. The piblic are hereby cantioned against pay again moneys by R. Berran for This Oral again means no authority to represent this again, and orders through him will be recognized.

FAIR I'm with the visitors -The crowd visiong the carcinery annex at the fair are nightly treated to a carcus by the young fellow nightly treated to a circus by the young fellow who runs the blowing, machine there. He has had a sort of movable elbow joint attached to the concern, by which he is enabled to send the concern, by which he is enabled to send the current of air in simos any direction. Just up rolle is an emery wheel for ginning assess which when at work throws off a shower of the artis. The two fanny fellows "Stand in" with each other at paranity, and when the guinner has attracted a victim the Ebbias opposite trains has also at it in and away goes his had up to the celling. Paratics who encounter his blast imagine that a Kankas cyclone has stuak them, and the riff at to keep their rithles on and get, out affect much imasement is the rewid in waiting for the exhibition. Some fine evening the engineer of the blower will be caught ginning, and is me fellow whom he has scared out of a year's growth will draw his month over the chiff, of the interned and held hin that until he is he are not longer than the Wassishpir river and bigger around that M. Hood

hown out longer than the Miss kaning institution in this city offers money at sper cut, provided the borrower will pay the taxes. "Here is a so ution of the finuncial distribution," since well-known the mortgage tax have has brought on," since well-known tutten who have made the sultech a study, to an Uniformation of the same terms. The more yester lay. "I believe that any bank will fait moner on the same terms. The more and mortgages could be drain op with provision that the borrower pay the fax. However, the usury law would have to be amended to cove cross where the best per cent inte cut and the taxes a fact would be note than 10 per cent. With this amendment it oney would become east of, and in most countless in the siste the borrower would not pay it ore than 10 per cent. In the would not pay it ore than 10 per cent. In the would not pay SUGGESTION ABOUT | WIRTON & LOANS -- A

n ore than 10 per cent, in the end." ARBITRAILIG A CHARTES -The Br buck Row ABRITRALLE A CHARTEN — The Br burk Row lead Hill arrived at Astorn last season under print charter to load wheat at Portland to Inck son, ReWolf & Co. Freights declined before her arrival and she had be one day in which to reach Portland in order its save her charter. In cost ing up river she grounded for several hours and was cleared in decking and preparing for cargo here. The captain lad a few tubs of bulletont by the time his hour expired, and not field his charterers that he was ready for cargo. They decided hat sae was coally not refused to load the bark. Another charter was accepted. The matter was light to arbitration, and on year ferca, the committee was an essent. Both sides presented an ience. The result will probably be known very soon.

WEDDING — Yesterlay afternoon Mr (harles A.

werp soon,
Werding —Yes erday afternom Mr (harles A
Morden and Miss Ada F Northrup, eldest dughter of the late E J Northrup, were married at the
fan ily residence, corner Madison and East Purk
et eets Rev E. W Caswell, pastor of Grace M
F whereh, o ficiated, and the ceremony was
wintessed orly by immedate relatives soon
after the wedding Mr and Mrs Morden were
derren to their hone, No 131 4 street, which
to the n previously prepared, and which they
will occupy for the winter. The bride's is an
the word, poncer family, and the lady one of
the most estimate of Portand's daughters the Mo den is worthy of his bide, and of the hap-par iss which their many friends heartily wish

SIREFI COSTRACT LF -The contract for im moving Jefferson street from Twelfth to Eighternth, was 1st yeaterday to the Portlan I Macudamizing and Pavling company. Blocks 71 at 1118 on the same street, east of Front, were le to P G Baker. Many prompty owners are under the impression that the entire street, from a point east of Water to Lighteenth is to be improved. The ordinance was so entitled to simplify matters: The street is to be improved the ordinance was so entitled to simplify matters: The street is to be improved from Front, east to the ferry landing, there is to be a little top dressing between Bost Pink and fwifth, am a good in academized readway at it. Twelfth, jour the present dimost impressable maio hole.

While Content at the Manculants — Vice Pres. moving Jefferson street from Twelfth to Eigh

MILL CONFIR WITH MERCHANTS -Vice Pres Will Costs of the Northern Patific and pure as coming west by specifi train and storped last night at Horse Plams. They will probably fretch here Friday evening. A conference will be arranged for netween Mr. Cakes and representatives of the board of true, at which all natures of complaint by P ritian maturisations of complaint by P ritian matures will be discussed. The opinion prevails in business cureles that when the matter is table before the company in its proper light, they will as a mater of complaint.

it held the pelates, filled the stomachs and gladdened the hearts of her face of little ones. It is
very pleasant to note that this crowd of true
spottemen do not forget line sick and the orphaged.

Mr. Caples will Speak.—This evening at half-past 7, Hon John F. Caples will speak to the Yorth Portland Eigene and Logan club at Fac card's hall, corner of Systeenth and S streets. Ladles are invited.

then from attempting such extortion again.

A spiret of Nor Guilty—Robert France, a He ander who could not speak English, wesen tried jesterday in the state circuit joint upon an and timent charging him with having beaten car sike chiana. Erench contretain one it is chiana, a Erench contretain one it is head with a stick of wood. Treigno and fellow testified through an interpreter that he had been entired introduction and when a quarter trose he was beaten upon all suits by the num stee, and only struck the wor an in warding off the blows against humself. The jury etc. with believed it for they acquirted him.

(4 mt) believed it for they acquitted him (4 mt ess Tarket Shoothid — The occupant of a room in the building at the foot of thick street over the woodward, discovered when he street over the woodward, discovered when he street over the woodward, discovered when he street over the word which looks up site. In Bunting around he succeeded in finding on the floor one of the halfs that evid into was fired by a uright rifle. The private thing was fired by a uright rifle. The private thing in the succeeded when the succeeded when he would be stopf; i at our 4.

NUMBER OF VOICES SELL INCREASING -The NUMBER OF VOTERS SELL INCREASING —The fateful figure seven represents the numb of foreigners who took the oath of plegial e to the Lintal States resterday and we be entitled to yote in Multioniah county during the pits dental election. The were swirm before the state during of the two before the county of the manes are Eugene Wood, Charles Schirdt, August Tokado, And me Irch, John Iraqelich, Simon Abraham and S. Ross.

SIMPLY LATE—The east sole through that a trivial hast night at a no clock—two boars lite.

SIMPLY LAIF—The east safe through fair introductions in the clock—two hours are the lies of seldom behind time that a reporter while for its arrival with the hope of gel in an accident frem the was oldsupported. It was a plain, simple case of being helind to rewar ing at abbland for connection with the overland stage.

THE POLITICAL OUTLOOK IN NEW YORL Views of a Can Just from bothem-He Thinks New York a Doubtful State New Your a Doubtfel State

From a Portinit Lentieman who returned He magnes hat the City is Governed in the InSecurdar direct from New York, an Observation to the Public Sow Le was

From a Portinit gentieman who returned yearday direct from New York, as (BERGOVIAN reporter obtained in epitoms of the political outlook in that state. He is a very mild repi by can, and based his statements on the careful estimates of both national committees.

"There are about 15,000 republicans in the state who will not support Brune. Of it as, probably 10,000 will vote for Cevetarit. The six a democracic estimate, which some republicans are medimed to concede \$4. July will receive about 6800 votes, pearly energy of drawn from the republican ranks. He e is loss of 21,000. Republicans laim that \$1,000 work near and frishmen, hitherto belonging to the democratic party, are plet ged by vote for Blaine, that these \$4,000 are members of Blaine and Ligan clubs, and cannot be midized to return to the democrate. Neither the semberation republic in managers are able "make a permit of what Butter's vote will be, or from which of the leading parties he will draw the greater vote. Heightleans hope it will be taken from the democrats, and vice fersa. S. New York Inst be set down as a do thifd state."

"He were bets on the general result?" asked the riporter. "They are sometimes 1 and indications."

There was no considerable betting up to the time I left," was the response. "The result in New York is so uncertain that gamblers are not betting. I was in New York to might after the Olito decilion, and there was not a single after to bet posted in any of the leading pool from a."

"What is your own opinion of the real was and Malting roughlithern earlier of the set."

"What is your own opinion of Lie results" was asked
"I Link Biging will be elected, "In this real soft and Bolting republicans outsite of New York city are very few now. There are not not note than \$500 in Boston, and practically nome in Massa husets outside of Boston A great a any republicans who refused in sor port Blance cuts in the campaign and thought well of Cleve and now say they would rather risk Blance with the party behind him than Cleveland an , the party back of him. They will vote for Blaine soc. of under protest."

WITH THE SAME LAUDABLE PURPOSE

In this year's ceremony of propitating the devil he (binese have added an attractiv teature v.z. placing a row of was tapers in become street, a low feet from the curb, reaching from dornson to Oak. Last night was dark but not cloudy, and the lights made a very protty effect.
About 10 o'clock the attention of two democrats and two republicans, passing up Washington succept, was arrested by the fillumination. Leob-ing ip and down Second street a, the rev of south any lights, one of the republican re-market

"This looks like a democratic torcil ght process on passing a saleon. The only difference I can active is that there is no muse."

'With a lot of fools the Chingse are anywey," remarked the other republican. "Here the, are spat Imp. hundreds of deliars to drive out the devil."

"Day are not half as big fools as you entitled the deliars of the men who will vote for Cleveland and Hendricks. "They apply their little torches put nean in the street and go to bed. You republicans put in a street and go to bed. street and go to bed You republicans put in a fance, sull, carry your torshes around town, much tourselves his a perspiration, study a mid-clives to lift kerosene and shout yourselves hourse. Jou are not a what more enlightened than the health in "

heather "

"Come to think of it, you'r nearly right,"
acts orderiged one of the Blaine finen. "And
we are in amost the same bisiness as the life
ness. They are trying to drive out the devil, and
we're rying to drive out the democratic party."
The quartette then adjourned to the coffee-

The lower were called out for, the first hea at a hour 2 o'clock in the af ernous, and, after repeated so trugy, in thy got away, Ten peacher the scoon heat was but a reputition of the firs, with it examine result. The truth heat was a take one and was not considered by the indiges, for they declared that the horses left the wire without the word, and shour the cone and Nevertheless they did not, but specified the chire distance, the monotony lengths time bir ken by Altamont stepping a the end and coming down the home stretch as assign in the fifth (alton) came to the front in the fifth (alton) came to the front or the instance, the front or the instance and ledy do the ware. A such her falled to dec de the race, for both lempest and soldford were by the trace, for both lempest and soldford were by the trace, for both lempest and soldford were by the trace along to the three Excessive to kept give do come and the declared the race along to high-fall and the declating heat or hertis, as the case with the, were necessarily postponed in the the exit day. The seventh hear, which was trotted it a rext.

might be, were necessarily postponed in this heavit day. The seventh hear, which was troited it a text afternoon, whether actions, and the actions, and the actions, and the actions and the same of the freedress and strength that possessed in the pressor of the text that we shall make by Altamont in the fourth heat—2.7—a wonderful performance. R. R. 3, bee of this only will remember how near he came to the action of the act of \$500 at the state fair this fail that afternoon could not be 1.22, and he will now feel very bappy to think he didn't.

The race for two sear olds came oft under the most unfavorable chromstances. The rack was mud, and the best time inaley a 1.5 The race, was won by Lufy Land with (appetus set ind.)

A TAXPATERS IGNORANCE

Exhigatened

1 haven tany nowe, but there are several

things which I would like to see published in THE URFORMAN " T us is the answer a legal gentleman, at obt

3 08 is the answer rigial probleman, an old rest ient of forful 1, nade yespering to a reporter of the paper who assed han for an term to temp requested to spear, the said of which con would explain why it is that trojectly awars on a street about to be miproved, have no one it saying whether taball be dauled, or wrose of or proved, have no to near samp whether takallie danked, or macatemized, or grave e, or covered with Nichelson passenent. The latest phase in street improvement is a dispute an ong councilmedise to two gravel. If occurred to me that if a majority of reperty-owners wanted gravel, the causal ought to take the tong the code gravel, the causal ought to take the thought to coder such approvement.

A fix not of the pudge who came along and stoped in time to lear the remarks, sincle at the speaker's ignovance and said ["You're an old logs. A visual have an aled that this municipal gover ment is administered for it element of the in payers, and that its officers are our servants. There is where con make 2g cat mistake. The fact is the matter of street improvements scarried on to suit controlors. I won't say that they controlerer improve entilecanse property ewners ofter want work done, but I will say that contractors lawled good leaf more to gay in the unster that the mean who pay the biles?

And what are to do about it?" take the

And what are to do about it?" when the And wha are us to do about it?" "skee the judge.
The reporter discussed of the question by repeating "what are you going to do door it."
I'd hike in ask, while my hind is m" sail" the judge, "saly it is that so many cases go before justices if the percefor preliminary examination while the grain jury is in session." The grain deputy has to go over oxactly the same ground, and in half the cases never find a rue bill. Why not long the cases directly be ore the graind jury and have one expense instead of two."

the grand jury and have one expense instead of two."

The judge's friend remarked that the public could not demand of justices to contribute to campaign frids in state, cours, lety am national dections, and pay office rest, and get no cases in return.

"You might an in your paper too," rear led the udge, "that we we got entirely too many politemen for the amount of work they do.

This time the reporter got in his work, yields, and wether the fact that there was a large and generally efficient force that not tend to preserve order in the city and thus lessen their work.

The judge acknowledged that the police had once much toward lessenting or mes, and wen, put ips a talled to the benefit of their efficient for the polite of the polite

let says, is almos, equal to that from white let ver Remember that a brain mush once or twice a week will be greatly relished by 'our horses and will do them good, says the Vational Stockwan. It is cheap, easily prepared, and should be used frequently in every stable. In packing bees for winter, see that there is an alteridance of rentilation, not only through the combe, so that he bees can at any time through the winter have access to the r supplies, but at the bottom of he bive, so that they can have plenty of fresh air.

Soot is one of the rhost valuable of fertilizers, and should be carefully saved. That from r on its superior to that from wood. It is rich in mirrogen, ind benefits all crops to which it may be applied, as well as being an excellent remely ugainst the attacks of many kinds of insects. American farmers find that turnlys or rutal lagus leave the lund cean from weeds but much less fertile it an before they were grown English farmers say the turnly is a fermoraling crop, but it is so only befeding the crop on the ground where grown together with much grain or off meal.

A man moth fee-how is said to have been discovered in the toson of the noted peak commonly falled [61] Hally. Studied in and Bernardino county (althorna. The bees at work in this wild mountain her are almost manufarable and they have in store a gigantic mountain or than 500 barrels of the genume article.

Rheumatism and Diet

(Essell's Mu, v) | 1.

Rheumatism is a soften as hot caused by over cating and, especially by over india genee in neat, which is certain to cause in excess of time indi, and render the body hable, on exposure to wet or cold, to an idage. We know that old people upe proverbally hable to rheumatism. The reasons for titls are not far to seek. One is that joints and bignaments are harder and stiffer, and very often con ain deposit—turne of soda knother is that, as as use, people up it years eat more than is necessary to support I fe, under the mistaken i often that they will a feat of nour istinent to keep them up. I say that, on the contrart, he wear and fe it of tissue is but trifting compared to what it is in earlier n anthood, but that if its good is required. Therefore, if an elifty person would be long and be tree of aches and pains, and be calm in min—fur that is a great desideratum—the or she must live abstent lends.

Theelaw, king of Bormah, became sered with an presssible impulse, the other day tourry. The fact that his wife was hirn g dain't troo ranch of an obtacle in the was of the fulfilment of his desires. He poisones the queen's sisten he said that was cheaper than a Chicago divorce, and desen't issue him with a mather in two on his hands to foment trouble. How his tell wife must love him!

In Mexico, as in Spinn and other southern countries a lady retains her maden name after acurringe and though she annexes to it that of her hasband by means of a de, she is unsversally known in her own family mime. It is considered nown courteous to address ever elderly marned ladies Senorita (Miss) instead of Senora (madame. The lary of the house is always called by her servants and dependants La Vina (the little girl), though she may have attained the age of 80.

Miss Anna Dickinson is living in refirement at her mother's home in West Pittson, Pennsyl-

CURPENT ANECDOTES.

THE APCHITE'S TOTORS

I NOTE IN JUNEVICE

An anjusty deposed occurred during the recent manegers of the Australian army The chief of the gramman garrisoned near Vienna cluef of the regiment garmsoned near Vienna wrote it a gentleman he knew in Anger for Newmith, asking him if he would kindly find quarters in the town during it e mameurers in which he has it take a part. "If have only one stipulation is made," he wrote, "den't lodge me in it chose of "Jew." The following is the answer received by the doughty warr profit moment is —The Altrice of your being quartered with down is already been removed by circumstances. There are only two Jewish fundies in larger. There are only two Jewish fundies in larger. The Archadake Wilhelm with the other. The latter is the family of, tours succeed,

THE SOLDER AND THE DECOMETION.

succeeds, but he was a succeeding a point of the control of the first and the decoration.

There are a great number of anecdoter about General Sk beleff, which have become lepth dary in the Russian army, and there are a much greater number about the Russian Jews wilch circulate through all classes of Russian society. The following store, which it of interest loth for the deiminges of the "white general" and he batters of the Russian Jews was realised with the first spour! Meetle Skobe off, so goes the story, was working one evening in his tent near the Danube, or near a pond, when a Turkash, both dropped at the threshold of the tent. The general had just time to see the sentinelious side stoop down and putegmatically throw the shell into the water. Skobeleff approached like soldier and sait. "Do you know that you have saved in side?" If have done my best, general? "Yery well, which would you rather have, the Sk leorgy's cross or 160 ron bles!" The sentinel was a Liw, with a fine Sentile! The sentile was a Liw, with a fine Sentile! The sentile was a Liw, with a fine Sentile Jroik. He bestified a moment, and then said. "What is the value of the St. Georg's cross, my general?" "What do you mean! In cross itself so I no value at may be worth remainless, pichairs, but it is an honor to possess it "Well, in gir mi, tailing as of the solder," "If it is like flind, give me to robible and the closs of theorig." Whether the prayer of that chall of Islae was granted or not bustory does not say.

Memorar i British tittsen.

I i i i merte ar diel den jucht algen in Now, if must ar remembered that Mit Mit Sween, hei acted ar a British sub ect in Ire land by holomy office. He has held the sum office core are like so cow in poet law gnar dan of the bunfarzehy union, Dongal, Ireland, and only a few months ago he was a tenan, and only a few months ago he was a tenan, and only a few months ago he was a tenan, and a rambdale 'er juriament' If elected he would have to take an oath of allegiane to there would have to take an oath of allegiane to the would have to take an oath of allegiane to the would have to take an oath of allegiane to the would have to take an oath of allegiane to the would have to take an oath of a men, an I islaman, or an Englishman, it is sociotionan, for matance, who, after a eping the office of aleer i an couply commassioner, it supervises, though when a prested in or the American law, laim British protection? Movement, Donegal poet law gnardian, claiming American protector, is a parallel case, is it not?

The Ohio dem c ats are howling that they are being bought up by the republicans at \$2 at each. They come cheap to a year, indicating that the og crop is a large one—Philadelphas Press

CHAS. A. -ALABKEI,

ASTORIA, Oct Zi - Ti e most enthusiastic recan rally ever we bessed in this city oc id last evening Mr J C Leasure, state et ublican nommen for presidential elector, arrived on the afternoon boat to fulfill an engage-mert to address our crizens on the political questions involved in the present presidential unipalgu - At 740 o clock some two or three dred members of the Blaine and Logan cifil a full uniform, issued from their wigward, and alling in line with natura; precision, under cumand of Colonel M. merth late of the United takes army to ment the largest on I most compastates army to ment the largest in I most mapping torchight process in ever seen in Maloria. Bladed by the Astria. Tass ban in the proceed of to the occulent hole where they were joined by it is greater of the evening and other republican friends, and marched from thence to the stating rink which before the speaking complement was crowded with laddes and gratherner. It has no been into diced by capt J. H. Denny, Mr. He source garratulated the members of the Blaine and Legin club on their personal poperances and multivary bearing he do obted cot that the evident officially of their organization to stronger through bat a few hours in the city. He would cleer them on to still but he of the history of the company had then one of forther pathotic efforts by usuaring them that so fur the instity of the compagn had her one of fur the listing of the compagn had her one of fur the listing of the compagn had her one of fur the listing was excess. After the Vernium e ection democrats knowingly remarked, "We knew how Vermont would go, but wait for Manne," And after the Maine election it was, "An, wait of this was the speaker, "Manne has spoken, Ohio has emphatically expressed herself, and we can still exclaim in the anguage of the lamented Garliell, "God religies and the potential in the times." Mr Leadure dissected in a very able and cutting minner the speech of Senator Stater lately delivered here, it which it was charged that the repulbation party had initiated and was responsible for the granting of millions of acres of land to ruitroal (exponentions. He called at lention to the furt that history and the re-ord showed that it was under a democratic admans-

esured to make it is any habic anecdotes, which kept his a merrors and ators in great good humor throughout the whole if his able speech, which occupied in wards of two hours in the delivery. The meeting adjectined with a vote of thanks to the speakers and three rousing cheers for Blattic and I ogan

### CAMPAIGN NOTES

Rall es in East Portland and North Portland—Ap-continents for Various Speakers Lindian Agent School reports a strong Blame and Logap schilment in the richity of Sheri

an Prof MicMahon will speak at North Yambill saturday evening to the Blaine and Togan club there Col. F. V. Drake will go to The Dalles to-lay to fill the appointment of J. (Leasure, who harries i one with a sear throat

harries i one with a coar threat

At the 'st Heleus republican meeting, addressed by Mr Leasure, come of the listeners
came ten and fifteen miles. There was a large Messrs, teorge H. Darham and E. J. Dahms,

and perhaps others, will meet the voters in the Bridgepori settlement in Washington county, on Saturday evening the 25th at the school house.

Hon M. C. George holds forth to-day at Linon and this evening at La Grando. He will remain in eastern Oregon till the close of the carwass, it inshing at Prineville Crook mainty, in the list of November.

in the 1st of November Mr James E Robinson of Eugene was at the reput hearthead narriers gesterday in search of orators. C. W. ultim of take rive will speak there on the 34th, and it is expected that Mr apples will make uspen to their before the close of the camputage.

I the campugn Hon J. F. Laides will be night gratify a very eneral desire, if North Portland, by speaking at

e meeting of the rejublican club there. The desare noted. My captes will speak at the seeing of the first harmon republican league Massing hall in Friday evening, the Yist

at Mass and hall in Friday eventing, the "list"

FIRST WARE READE AND LOCAR CLUB.

Last might there was an enthusiastic meeting of the First Ward Blame and Logan (Inh at leadquarters on Distrect, near Sixth. The house was crowded. The North Portland Gloc Club, which sang at the democratic raily at the New Market last Monday number, and were introduced there as Chevalant and Hendricks men, volunt leers their services and were loudly cheered cool specthes were made by Messra Alex Bernstein and W. E. Thomas. (o) Drake was treach, and excased thanself from speaking on account of a sore throat J. S. C. Bichardson who find been an nonneed as one of the speak ere sent a note of regret, but having been called to the Dalles.

lied to the Dalies
PURITE SPEARS. IN FAST PORTIAND.
A large and enthissistic audience gathered at evening at Hull 4 Stotts hall, to hear the loress of Hou J 1 Leasure, republican candate for pres dental elector. The meeting as opened by the rendition of a number of atrotte are by the Bane and Logan glee club. The orator of the evening was then introduced the audience J E C. Wheeler, in a few grace-il and appropriate remarks.

six—as its piedge (Clidelity for the future. Ho then paid his respects to the charges preferred by the democrats respecting land grants to rul read competitions, and proved by unimpeachable retinuous, that the democratic party was the criginatori of the land grant idea, in which It mas A. Hencircks himself born a prominent part as democratic member of congress. He then fook up the protective system as enumerated the repulsive and apt arguments drawn largely from offleat records, how it had built up our languishing industries, secured living reminera-tion to honest labor, and made ours one of the richest and happiest nations on earth

non to honest lahor, and made ours one of the nchest and happies trations on earth. His arguments were interspersed with nu-merous flashes of wit and eloquence which fre-quently brought down the house. Mr. Lessure is a young lawyer of ability, a tleasing crator, sphandid bearing on the plat-ferin, and is doing b inself much credit by his -tloring and vigorous causas. if orough and vigorous canvass
